

Now Offering for Summer 2017 SENSORY MOTOR SOCIAL GROUPS!

What Are Sensory Motor Social Groups?

Our sensory motor social groups are designed to encourage and assist children to participate in social environments (such as school, playgrounds, playdates, etc.) in fulfilling and appropriate ways. These groups will encourage your children to approach and engage in motor activities in a more confident manner.

Who Would Benefit?

Children with sensory processing difficulties

Energetic children who are always "on the go"

Children who display sensitivity to various sensory input

Children who seem to trip and fall frequently

Children who tend to avoid motor tasks

Children who may avoid social interactions and settings

Children who may have difficulty sustaining attention

Children who may display impulsive behavior

When Do Groups Begin?

45 minute Groups offered Monday - Thursday at 4:30 and 5:30,

In our state-of-the-art facility 255 Executive Dr., LL108, Plainview NY

Starting July 5th and August 2nd and running for 4 weeks*

Children grouped according to age and need • Ages 3-10 are welcome

**Additional sessions will be added as needed*
